Language Miniclub

"My child has been well looked after at home until now and now I want to support it for day care or school! Unfortunately, my knowledge of German is not yet certain and I am looking for a daycare place that I cannot find".

If this is the case, we invite you to our language mini club.

Here the children should learn to let go and meet other children in small steps. The offer in German language is conscious, in order to take up the ability of the children to learn a language simply by playful elements.

The available language skills of the accompanying forces on site make it easier for everyone involved in the game to jump between languages and to achieve good communication in difficult situations.

We paint, play, do handicrafts, read history, run around, jump on the bouncy castle and have a little meal together.

When: from 24. September 2018, Monday to Thursday from 10:00 - 12:00 o'clock
(Access is possible at any time when seats are available)

Where: Liebenwalder Str. 2-3, in 13347 Berlin (Children, Youth and Family Centre at Nauener Platz)
